DISCOVER THE CANADIAN HUNTING EXPERIENCE

MOOSE HUNTS

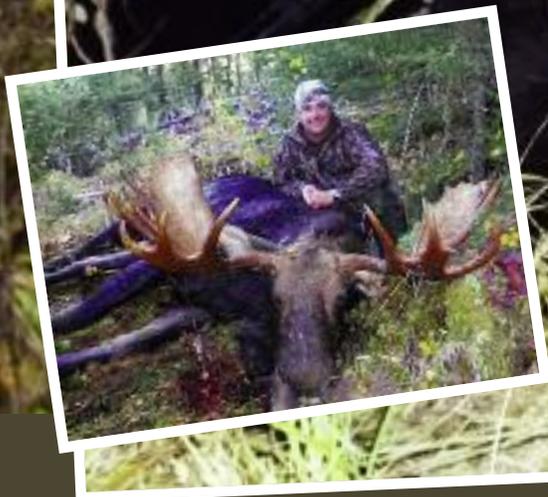

At Halley's Camps & the Outpost Company, we pride ourselves on our Moose Hunt.

Our rifle hunt has always been very successful. The remote, untouched areas that we hunt with a healthy moose population have landed our hunters many large bulls over recent years. In the past 15 years we have seen a greater number of archery hunters coming to our camps. We have had some great success rates over this period as high as 80%. This is an exciting hunt and is becoming more popular each year.

Our moose hunts are run in a first class manner with the hunter's comfort and safety being number one concerns. At the Outpost Company, we understand that a hunter should know what is going on at all times during the hunt and to feel that they are a part of the hunt. Our experienced guides make this possible.

Hunting moose consists of standing at crossings or feeding areas such as large meadows or willow swamps. Scouting areas either by sight or sound can end with a very exciting stalk of a trophy bull. Calling for moose can also be very exciting and successful, but this method depends a great deal on the type of fall we are having and especially the current weather.

We use six remote outpost camps to accommodate hunters using our 10 bull moose tags. This allows us to make sure that your hunt is as successful as possible.

WITH HALLEY'S CAMPS & THE OUTPOST COMPANY

BEAR HUNTS

We have one of the largest Bear Management Areas (BMAs) in Ontario.

In Ontario, bear hunting areas used by outfitters are called Bear Management Areas (BMA). The Outpost Company, in conjunction with Halley's Camps have one of the largest BMA in Ontario, with much of it still virgin to bear hunting.

Having this vast area at our disposal allows us to be very selective about which sections we utilize each year, enabling us to alternate bait sites and not over-harvest the animals. With this ability to be very selective, bear hunters have an excellent chance at a true trophy. As with all of our hunts, the hunter will feel that they are participating in all aspects of the hunt and will understand what is going on at all times.

We have two types of hunts available for black bear. Our fully outfitted hunts are conducted from our lodges located on the English River, which include everything except your

personal gear, rifle or bow and ammunition. With the housekeeping plan your food and guide are not included in the package but we prebait and give you a rundown of what it takes to have a successful hunt. The housekeeping bear hunts take place at our drive-in camp, Caribou Falls Landing, or at any one of our remote fly-in outposts.

THE OUTPOST COMPANY CREW

BELOW: From left to right: Jamie, Chase, Gene, Chris and Rob.

The Halley family has had its roots in Northwestern Ontario for over a century, with a rich tradition of hunting and trapping passed down from generation to generation. We are approaching 66 years of outfitting and guiding hunters in this remote part of the world. Whether stepping aboard a float plane or driving into camp, you can be assured that your hunting trip will be a rewarding experience.
